## Discover The After-Dinner Treat That Satisfies The Dessert Urge Without the Calories – No-Caf Teccino Herbal Coffees

SANTA BARBARA, CA. After-dinner satisfaction is hard to achieve without falling into the high calorie pit. Maybe it's conditioning, but Americans love that rich and sweet something that follows a meal. How about some dates, figs and golden roasted almonds? Teccino® Mediterranean Herbal Coffees brew up a deep roasted cup with low calorie sweetness from dates and figs, and rich nutty flavor from almonds. No caffeine to interfere with sleep and only 20 calories per cup!

Teccino, like the "chino" in its name, was designed by Caroline MacDougall, award winning herbal beverage designer for top tea companies, to make caffeine-free cappuccinos and lattes for those moments when you want a dessert beverage without the caffeine and acidity of coffee.

Using ingredients that originally came from the Mediterranean like roasted carob pods, barley and chicory root – think endive and you've got its root – Caroline created Teccino in 10 different flavors to satisfy that urge for a filling brew that isn't watery like tea.

For a frothy dessert beverage, Caroline advises brewing Teccino in your choice of drip coffee maker, French press pot, or espresso machine. Heat milk in a pan or in the microwave and froth with a hand-held milk frother. Pour the hot milk and velvet foam over the top of a mug or latte cup of Teccino. Sprinkle with cocoa powder or cinnamon for a top note flavor and a great visual touch.

For the adventurous, add a splash of liqueur. Caroline recommends Teccino Hazelnut with Frangelico®, Teccino Vanilla Nut with Baileys® Irish Cream, Teccino Mocha with Godiva® Chocolate Liqueur, and Teccino Almond Amaretto with – you guessed it – Amaretto®. One more! Try Teccino Chocolate Mint with Baileys® new Mint Chocolate Irish Cream.

**Teccino Herbal Coffees are the top selling brand of coffee alternatives in the US. Teccino comes in 10 popular flavors like Vanilla Nut, Mocha, Hazelnut, Chocolate, Chai, Almond Amaretto, Caffé and Java. It is distributed nationwide in natural food and specialty grocery stores.
